ABOUT SUSAN G KOMEN® AND KOMEN EAST TENNESSEE

Susan G. Komen is the world's largest breast cancer organization, funding more breast cancer research than any other nonprofit outside of the U.S. government while providing real-time help to those facing the disease. Komen has set a Bold Goal to reduce the current number of breast cancer deaths by 50 percent in the U.S. by 2026. Since its founding in 1982, Komen has funded more than \$956 million in research and provided more than \$2.1 billion in funding to screening, education, treatment and psychosocial support programs. Komen has worked in more than 60 countries worldwide. Komen was founded by Nancy G. Brinker, who promised her sister, Susan G. Komen, that she would end the disease that claimed Suzy's life. Komen East Tennessee is working to better the lives of those facing breast cancer in the local community. Through events like the Komen East Tennessee Race for the Cure®, Komen East Tennessee has invested over \$10.3 million in community breast health programs in 24 counties.

NOTICE OF FUNDING OPPORTUNITY AND STATEMENT OF NEED

Komen East Tennessee is offering community grants to support breast cancer projects that address specific funding priorities, which were selected based on data from the current Komen East Tennessee Community Profile Report, found on our website at www.KomenEastTN.org.

The funding priority areas are listed below in order of importance based on the needs identified in the Community Profile:

1. **Screening/Diagnostic Services**

Programs that provide access and reduce barriers to breast screening and diagnostic services for uninsured, underinsured and medically-underserved individuals in Komen East Tennessee – Tri-Cities Region's 8-county service area. Priority will be given to programs that serve individuals from Greene and Hawkins Counties.

2. **Financial Assistance for Patients in Treatment**

Programs that reduce barriers to progressing through the continuum of care for breast cancer treatment by providing financial assistance to meet basic needs (e.g.: rent/mortgage, groceries, utilities, transportation/gas cards, etc.). Priority will be given to programs that serve individuals from Greene and Hawkins Counties.

For the purpose of this Request for Applications, screening and diagnostics are defined as clinical breast exams, mammograms, breast ultrasounds, breast MRI, breast biopsy and other diagnostic tests used to detect breast cancer. Underinsured individuals are those persons who have insurance but that coverage does not include necessary screening and/or diagnostic testing for breast cancer. Individuals who have insurance coverage but are unable to access

necessary screening and/or diagnostic testing due to high deductibles and/or co-pays will also be considered underinsured.

Examples of successful projects include those that result in:

- An increase the number of “never screened” women getting breast cancer screening;
- A reduction in the number of women “lost to follow-up;”
- A reduction in time from abnormal screening to diagnostic procedures;
- A reduction in time from diagnostic resolution to treatment;
- An increase in treatment compliance.

Applicants may request funding up to \$25,000 for screening/diagnostic programs (Priority 1) or up to \$7,500 for patient assistance programs (Priority 2) (combined direct and indirect costs) for one year. If a program addresses both priorities, applicants may request up to \$25,000; however, no more than \$7,500 of the total amount requested may be allocated for financial assistance for patients in treatment.

ELIGIBILITY REQUIREMENTS

The following eligibility requirements must be met at the time of application submission:

- Individuals are not eligible to apply.
- Applications will only be accepted from governmental organizations under Section 170(c)(1) or nonprofit organizations under Section 501(c)(3) of the Internal Revenue Service (IRS) code. Applicants must prove tax-exempt status by providing a letter of determination from the IRS.
- Applicant organizations must provide services to **residents** of one or more of the following counties:
 - Carter County
 - Greene County
 - Hancock County
 - Hawkins County
 - Johnson County
 - Sullivan County

If a project includes other health issues along with breast cancer, such as a breast and cervical cancer project, funding may only be requested for the breast cancer portion.

- If applicant, or any of its key employees, directors, officers or agents is convicted of fraud or a crime involving any other financial or administrative impropriety in the 12 months prior

After such 12-month period, applicant must demonstrate in its application that appropriate remedial measures have been taken to ensure that any criminal misconduct will not recur.

- If applicant is not a current (2018-2019) Komen East TN grant recipient, then at least one individual from the applicant organization who will be involved in the writing of the application and administration of the grant must attend the grant writing workshop on September 11 from 1-4 p.m. in Kingsport. Alternative arrangements may be approved in extreme circumstances by contacting Jessica Waddell at (423) 765-9313 or jwaddell@komeneasttn.org.

EDUCATIONAL MATERIALS AND MESSAGES

Susan G. Komen is a source of information about breast cancer for people all over the world. To reduce confusion and reinforce learning, we only fund projects that use educational messages and materials that are consistent with Komen messages, such as our breast self-awareness messages - know your risk, get screened, know what is normal for you and make healthy lifestyle choices. The consistent and repeated use of the same messages can reduce confusion, improve retention and lead to the adoption of actions we believe are important for quality breast care. Please visit the following webpage before completing your application and be sure that your organization can agree to promote these messages:

<http://ww5.komen.org/BreastCancer/BreastSelfAwareness.html>.

If an applicant wants to develop educational resources, they must discuss with Komen East Tennessee prior to application submission and provide evidence of need for the resource.

Komen has developed breast cancer education toolkits for Black and African-American communities and Hispanic/Latino communities. They are designed for health educators and organizations to meet the needs of their communities. The Hispanic/Latino toolkit is available in both English and Spanish. To access these toolkits, please visit <http://komentoolkits.org/>.

REVIEW PROCESS

APPENDIX B: WRITING SMART OBJECTIVES

A **SMART** objective is:

- **Specific:**
 - Objectives should provide the “who” and “what” of project activities.
 - Use only one action verb since objectives with more than one verb imply that more than one activity or behavior is being measured.
 - Avoid verbs that may have vague meanings to describe intended output/outcomes (e.g., “understand” or “know”) since it may prove difficult to measure them. Instead, use verbs that document action (e.g., identify three of the four Komen breast self-awareness messages).
 - The greater the specificity, the greater the measurability.
- **Measurable:**
 - The focus is on “how much” change is expected. Objectives should quantify the amount of change expected.
 - The objective provides a reference point from which a change in the target population can clearly be measured.
- **Attainable:**
 - Objectives should be achievable within a given time frame and with available project resources.
- **Realistic:**
 - Objectives are most useful when they accurately address the scope of the problem and programmatic steps that can be implemented within a specific time frame.
 - Objectives that do not directly relate to the project goal will not help achieve the goal.
- **Time-bound:**
 - Objectives should provide a time frame indicating when the objective will be measured or time by which the objective will be met.
 - Including a time frame in the objectives helps in planning and evaluating the project.

SMART Objective Examples

Non-SMART objective 1: Women in Green County will be provided educational sessions.

This objective is not SMART because it is not specific, measurable, or time-bound. It can be made SMART by specifically indicating who is responsible for providing the educational sessions, how many people will be reached, how many sessions will be conducted, what type of educational sessions will be conducted, who the women are and by when the educational sessions will be conducted.

SMART objective 1: By September 30, 2019, Pink Organization will conduct 10 group breast cancer education sessions reaching at least 200 Black/African American women in Green County.

Non-SMART objective 2: By March 30, 2020, reduce the time between abnormal screening mammogram and diagnostic end-result for women in the counties of Jackson, Morse and Smith in North Dakota.

This objective is not SMART because it is not specific or measurable. It can be made SMART by specifically indicating who will do the activity and by how much the time will be reduced.

SMART objective 2: By March 30, 2020, Northern Region Hospital breast cancer patient navigators will reduce the average time from abnormal screening mammogram to diagnostic conclusion from 65 days to 30 days for women in the counties of Jackson, Morse and Smith in North Dakota.

5. **Compliance with Laws.** Grantee will comply with all applicable laws and regulations applicable to any of its activities associated with this Grant, including but not limited to the Health Insurance Portability & Accountability Act of 1996, and all applicable anti-terrorist financing and asset control laws, statutes and executive orders. (C) In the event of an early termination due to breach by Grantee under Section 7(A) or an occurrence under Section 7(B), Komen will have no further obligation to provide funding hereunder, and Grantee immediately will (i) provide Komen with the Final Report due hereunder, which will include all required information available as of the termination date; (ii) reimburse Komen for the full amount of Grant Funds (including any accrued interest) that have been expended in connection with and subsequent to the breach or any of the above occurrences, and (iii) immediately refund all unspent Grant Funds (including any accrued interest) as of the termination date.

(D) Notwithstanding the provisions of Sections 7(A), 7(B) and 7(C), Komen may terminate the Agreement immediately and receive full reimbursement of the latest disbursement of Grant Funds plus any additional unspent Grant Funds (including any accrued interest) in the event Komen does not receive a Reporting Requirement when due and/or such Reporting Requirement does not contain all the required information and/or sufficient progress has not been made with respect to the Project as determined by Komen in its sole discretion.

(E) The provisions of this Section 7 will not preclude Komen from seeking any other remedies that may be available under this Agreement and applicable law.

8. **INDEMNITY.** AS BETWEEN THE PARTIES, GRANTEE ACKNOWLEDGES THAT IT IS SOLELY RESPONSIBLE FOR ANY LIABILITIES THAT MAY ARISE IN CONNECTION WITH THE PROJECT. 9. **Insurance.** Grantee agrees to maintain and will cause any Collaborating Organizations to maintain the following insurance during the term of this Agreement:

(A) commercial general liability insurance with combined limits of not less than \$1,000,000.00 per occurrence and \$2,000,000.00 in the aggregate, which covers liability for bodily injury, property damage, death and advertising injury (including reasonable attorneys' fees);

10. **Dispute Resolution.** In the event of any dispute arising out of this Agreement, the parties shall use good faith efforts to resolve their differences amicably. In the event they are unsuccessful, the parties agree not to commence litigation until attempting to resolve their dispute through mediation. Either party may initiate the mediation process with 30 days' prior written notice to the other party. The dispute will be submitted to mediation in **Knoxville, Tennessee**. Costs of mediation will be borne equally by the parties. Mediation of the dispute must be completed within 15 days of commencement, unless the parties extend the time by mutual agreement or unless the mediator declares the parties to be at an impasse. Notwithstanding the above, in the event that either party believes that immediate injunctive relief is required to protect its intellectual property or there is a violation of law, such party may invoke the immediate powers of the appropriate court of law in accordance with Section 14 of this Agreement without the requirement to first mediate the dispute.

11. **Non-endorsement.** It is expressly agreed and understood by the parties that the Grant does not constitute an endorsement by Komen of any entity, organization, company or individual, nor the products, actions, behavior, or conduct of any entity, organization, company or individual, and any negligent or intentional misrepresentation by Grantee or any Collaborating Organization to the contrary, in any context and in any forum, will constitute a material breach of this Agreement, and the same will be grounds for immediate termination of this Agreement by Komen. In the event of any such misrepresentation, Komen may require Grantee or any pertinent Collaborating Organization to publicly acknowledge the misrepresentation in a like forum in which the misrepresentation was made. It is agreed that in the event of a breach of this provision, damages may not be an adequate remedy, and Komen will be entitled to whatever other remedies are available under applicable law.

12. **Relationship of Parties; No Guarantee of Additional Support.** The nature of this Agreement is a funding agreement, and no employment, partnership, joint venture or agency relationship is created, implied or deemed to be created pursuant to this Agreement. Grantee accepts the Grant Funds with the understanding that Komen is not obligated to provide Grantee or any Collaborating Organization any additional financial support, or other support, in connection with the Grant, the Agreement or the Project or for any other reason.

13. **Entire Agreement; Amendment; Severability; No Waiver.** This Agreement supersedes any prior oral or written understandings or communications between the parties and constitutes the entire agreement between the parties with

respect to the Grant. This Agreement may not be modified, altered, amended or revoked except in writing, duly executed by each of the parties. The provisions of this Agreement are severable so that if any provision is found to be invalid or illegal, that finding will not affect the validity or enforceability of the remaining provisions. Failure of either party to enforce its rights under this Agreement will not constitute a waiver of such rights.

14. **Governing Law and Venue**. This Agreement will be governed by and construed in accordance with the laws of **Tennessee**, without regard to any conflicts of law principles. Any dispute arising out of or in connection with this Agreement that is not resolved under Section 10 will be filed and heard in state or federal courts of **Knoxville, Tennessee**, and the parties consent to the exclusive jurisdiction of such courts.

APPENDIX E: DEFINITION OF GOOD STANDING

DEFINITION OF “GOOD STANDING”

Susan G. Komen® East Tennessee grantees must be in “Good Standing” in order to apply for and receive grant funding. If an organization is not in good standing with the Affiliate, the organization cannot apply for funding until it receives prior approval from the Affiliate and has corrected any outstanding issues.

The “Good Standing” designation is evaluated throughout the grant cycle by examining three areas of performance:

1. Reporting
2. Rescinded Funding
3. Corrective Action

Reporting	
In Good Standing: <ul style="list-style-type: none">- Grantee’s progress and final reports were approved and submitted by the deadline, or grantee received an approved extension prior to the deadline.	Not in Good Standing: <ul style="list-style-type: none">- Grantee’s progress and/or final reports were not approved.- Documented evidence of poor program management and poor patient care by the grantee.- Grantee or any of its key employees, directors, officers or agents is convicted of fraud or a crime involving any other financial or administrative impropriety during the grant term.- Grantee loses certification to provide key services related to their grant due to quality of care issues.
Note: <p>Reports are generally approved when a grantee:</p> <ul style="list-style-type: none">- Submits all documents required for the progress or final report.- Meets objectives outlined in the application, unless adequately justified.- Uses funds in accordance with the approved budget and provides adequate budget justification.- All unspent funds, if applicable, were returned to the Affiliate by the deadline stated in the grant contract. <p>Examples of reasons reports might not be approved include:</p> <ul style="list-style-type: none">- Grantee returned an excessive amount of funding.- Grantee did not perform the program/services described within their application and refuses to do so.- Grantee does not provide requested financial documentation.- Grantee does not comply with the Affiliate’s request for information or a site visit.- Reports are consistently turned in past the deadline without prior approval for an extension.	

Rescinded Funding

In Good Standing:

- Grantee has no history of rescinded funds due to poor performance.
- Grantee and the Affiliate have worked together in good faith to resolve any issues, and it is determined the best course of action is to rescind grant funds with no fault on the part of the grantee.

Not in Good Standing:

- Funds were rescinded from the last grant cycle because the program was no longer viable and contract was terminated.
- Organization has not satisfactorily documented how they will improve the viability of the program.
- Audit findings which demonstrate misappropriation of funds.

Note:

Causes for rescinding funds include:

- Grant programs that have been identified as no longer viable for which the grant contract is terminated early and grant funds may or may not be requested for return.
- Audit findings which demonstrate misappropriation of funds.

Corrective Action

In Good Standing:

- Grantee or applicant is not currently under a written warning.
- Grantee or Applicant is currently under a written warning and is adequately addressing issues of concern.

Not in Good Standing:

- Applicant is currently under a written warning and is not adequately addressing issues of concern.
- Applicant is currently under a written warning and has outstanding reports that have not been approved.

Note:

Corrective action is defined as an action taken to address grantee performance and insufficiencies that are negatively affecting grantee's ability to meet the obligations of their grant contract. Corrective actions may result in additional training, reporting, site visits, and/or other oversight measures.

Corrective action plans include the following steps:

- 1) Verbal Warning
- 2) Written Warning - Email
- 3) Written Warning - Formal Letter
- 4) Board Votes to Rescind Grant and Terminate Contract

Grantees should reference their grant contract and the grantmaking policies defined in the Request for Applications (RFA) for detail regarding responsibilities and expectations. Contractual obligations of note include:

- Grantees agree to participate in site visits and submit any associated reports (e.g. Site Visit Form) by the deadline.
